Hearts for Hearing Adult Clinic
Audiology Fourth Year Externship
Application

PLACEMENT SITE:
Hearts for Hearing is a private, non-profit audiology and auditory-verbal therapy (AVT) center for children and adults with hearing loss. Our team consists of audiologists and speech language pathologists, certified in auditory-verbal techniques. The audiologists provide diagnostic and treatment services to patients of all ages, whereas the AV therapists focus primarily on children.

GOALS:
The purpose of this training program is to provide extensive experience in the field of clinical audiology, with a particular emphasis on adults, hearing aids, middle ear implants, and tinnitus management. There is opportunity to train with the pediatric, cochlear implant, and research audiologists on a limited basis if desired. At the completion of the program, the individual should be comfortable performing all aspects of diagnostic testing, make appropriate treatment and technology recommendations, and be confident with their ability to program hearing aids, RM/loop systems, tinnitus management, leadership and teamwork skills, community outreach events, business operations, and professionalism. In addition, the individual will learn how to collaboratively work with a team of professionals (MD, ENT, SLP, etc.) to provide the best possible outcomes for the patient.

RESPONSIBILITIES:
Responsibilities will include otoscopy; acoustic immittance testing; comprehensive audiometric testing; OAE testing; hearing aid and middle ear implant selection, fitting, and verification using real ear measurements; Lyric candidacy and fitting; RM/loop system evaluation, fitting, and verification; counseling parents and patients; tinnitus counseling and treatment; interdisciplinary collaboration; and community outreach. If desired, the extern could learn basics of cochlear implant candidacy evaluation, programming, and verification; FM system evaluation, fitting, and verification, ABR testing; and research. Supervision will be provided by a team of experienced audiologists who hold their Certificates of Clinical Competency in Audiology if needed.

QUALIFICATIONS:
Interested individuals should be highly motivated, self-directed, and possess a strong interest in working with adults with hearing loss. Exceptional academic, communication, interpersonal, and business skills are needed.
Hearts for Hearing
Audiology Fourth Year Internship
