READ 30 MINUTES

Did you know? Children should be read to 30 minutes each day in order to grow their brain and create a love for reading.

WHAT CAN I DO?

- **READ ALOUD** to your child at least 30 minutes each day
- **READ TO THE CHILD** some books word-for-word
- **READ WITH THE CHILD** by talking about the pictures in your own words

Make books available and within reach for your child:

- in the car
- in the diaper bag
- in the bathroom
- in the living room
- ANYWHERE!
