BABY AND ME

Did you know? Hearts for Hearing offers a monthly group for babies (ages 0-2 years) and their families.

Baby & Me is led by a speech-language pathologist and a pediatric audiologist. The goal of Baby & Me is to provide families with helpful info on important topics related to babies and hearing loss. Baby & Me also provides a time of connection for caregivers of babies with hearing loss.

WHAT CAN I DO?

You can attend Baby & Me to learn about your baby and hearing loss.

You can also meet other families who have babies with hearing loss. Watch for messages on email and social media for the next meeting.

NEXT STEPS

You can tell your Listening and Spoken Language (LSL) Specialist that you want to attend Baby & Me. Make sure we have your email and you will receive a monthly invite with more info.

LISTENING FOR LITTLES

Did you know? Hearts for Hearing offers a weekly caregiver-toddler group for two-year-olds.

Listening for Littles is a group that provides families with an introductory experience to a group listening environment. The group meets weekly and provides a language-rich environment where families connect with others whose lives have been touched by hearing loss. The caregiver also has the opportunity to learn and practice strategies for growing listening skills.

This program is team taught by an early childhood teacher, a Listening and Spoken Language Specialist, and a graduate intern in Speech-Language Pathology.

that you are interested in
enrolling.

BRIDGES PRESCHOOL

Did you know? Bridges is a twice-a-week group therapy experience for three-year-olds that resembles a mainstream classroom.

In the Bridges classroom, children with hearing loss attend alongside children who do not have hearing loss. Auditory-verbal strategies, songs and fingerplays, and routines will help prepare your child for the transition to pre-k, as well as give an opportunity for modeling and practicing listening and language skills. Bridges is team-taught by an early childhood teacher, a listening and spoken language specialist and a graduate intern in Speech-Language Pathology.

NEXT STEPS

You can tell your Listening and Spoken Language (LSL) specialist that

you are interested in enrolling your child in Bridges. This will give your child a chance to learn in a group setting before the move into the regular preschool classroom.

HEAR-O GROUP

Did you know? The Hear-O Group meets every three months to provide school-age children with hearing loss the chance to meet, hang out, and have fun with other children with hearing loss.

This group is for children between the ages of 10-21 years old. The Hear-O group is led by two pediatric audiologists and a Listening and Spoken Language (LSL) Specialist.

NEXT STEPS

You can let your audiologist and speech-language pathologist, know that your school-age child wants to attend the Hear-O Group. Make sure we have your email and you will receive a monthly invite with more info. Watch for messages on email and social media for the next meeting.

HEART TO HEART FAMILY NIGHTS

Did you know? Hearts for Hearing has partnered with the Oklahoma Family Network (OFN) to offer a family support night four times each year.

Heart to Heart events are for all families with children with hearing loss to come together for fellowship and community building, to receive support and resources, and to participate in discussions over development, speech, audiology, and other topics of interest. These meetings take place in the evenings, where dinner and childcare will be provided. A Facebook livestream is available for families that cannot attend in person through our closed Facebook group.

NEXT STEPS

Be on the lookout for a flyer around the clinic with dates

and more information. You can also ask your LSL specialist or audiologist for more info and how to RSVP.

SUMMER CAMP

Did you know? Each summer, Hearts for Hearing hosts a week-long day camp in Oklahoma City and Tulsa for children entering kindergarten through middle school.

Summer camp offers a chance for children to be with friends who have hearing loss and provides enrichment for listening and spoken language. Older campers are a part of Crew, where they get leadership and mentoring opportunities. Many summer camp graduates return as volunteers. Lasting friendships are often built through the Hearts for Hearing Summer Camp.

NEXT STEPS

You can let your audiologist or LSL specialist know that you are interested in attending summer

camp. Watch for emails and messages on social media for more information about our annual summer camp.

FACEBOOK GROUP

Did you know? Hearts for Hearing has a private Facebook group that is for caregivers of children with hearing loss.

This private Facebook is only for families who receive services from Hearts for Hearing. It is a place for families to connect with other families, share their hearing journey, and find resources. Families can also

participate in Heart to Heart events through the Livestream feature through this group. We reserve this page for immediate parents and guardians only.

Use the camera feature on your smartphone to go directly to our page to request to join!

Ask to join the page. You can find the link on our website under:

"Children" → "Support for Families"

You can also tell your LSL specialist or audiologist you would like to be to added. You will need to give your email address.
